

HD Skipper Marine 1230

Description	<p>This marine oil for diesel engines for marine applications, is based on top-grade solvent-refined base oils and multifunctional additives, to obtain the following properties:</p> <ul style="list-style-type: none"> - a strong oxidation stability - a stable viscosity index - a high detergency and dispersion power - a good alkalinity, to neutralise the acid compounds which are produced during the combustion of a distillate diesel fuel - effective in preventing from wear, corrosion and foam - a low pourpoint - good water separation power 	
Application	<p>This marine oil is suitable as lubricating oil of high and medium speed marine diesel engines with or without turbo-charging and the use of distillate diesel fuel. Due to its load-carrying properties this oil can also be used in shipboard gearboxes.</p>
