

HD Captain Marine 3040

Description	<p>This marine oil for diesel engines for marine applications, is based on top-grade solvent-refined base oils and multifunctional additives to obtain the following properties:</p> <ul style="list-style-type: none"> - a strong resistance against oxidation - a good and stable viscosity index - a high detergency and dispersion power - a good alkalinity, to neutralise the acid compounds which are produced during the combustion of a distillate diesel fuel - effective in preventing from wear, corrosion and foam - a low pourpoint - good waterseparation power 	
Application	<p>This marine oil is suitable as lubricating oil for more heavy marine diesel engines with or without turbo-charging and the use of distillate diesel fuel where the sulphur content is above 1,8%.</p>
