

## 4T Motorcycle Synthetic 10W30

Description	<ul> <li>A new generation synthetic engine oil for four-stroke motorcycles formulated with synthetic base oils combined with special developed balanced additives to achieve the following properties:</li> <li>a high and stable viscosity index</li> <li>optimal friction characteristics</li> <li>a very strong protection against wear, corrosion and foaming</li> <li>a very good detergency and dispersion</li> </ul>	
Application	This oil is special developed for the lubrication of four-stroke motorcycles, so that sliding, sticking and/or rough changing of the clutch-plates no longer occurs. This oil is developed and tested in co-operation with the most important motorcycle producers and has its performance demonstrated in the field.
